The SUMMER@SEM Equation

By subtracting boys, our all-girls environment adds opportunities for girls. Add SEM alum counselors for the positive female role-models middle-school girls need.

The result? An environment that makes girls feel safe and empowered to try harder, to discover, and to have more fun.

June 22-26 This first week of camp is only for junior campers to get oriented before the more senior campers arrive.

Junior campers will get a taste of everything SUMMER@SEM has to offer, make connections with girls in their age group, and meet the junior camp counselors who will remain with them throughout the summer.

June 28 - August 7 Junior campers will be part of SUMMER@SEM but stay with their group and counselors.

Schedules will change [daily, weekly], giving the girls access to a variety of topics, and the opportunity to learn lots of things they may not have tried before!

August 10-14 Junior campers will join SEM in the City: Trip Camp.

SUMMER@SEM Junior

June 22 - August 14

A special junior program at SUMMER@SEM only for girls entering grades 4 & 5

SLEEPAWAY@SEM

July 12 - August 1

Ages 12 - 15

Week-Long Sessions

\$850 per week or \$1,100 per week with ELL

Session 1: July 12 - 18

Session 2: July 19 - 25

Session 3: July 26 - Aug. 1

Sunday arrival, Saturday departure

Campers live family-style in our student residences which are nestled around a safe and inviting courtyard, complete with a grassy lawn, trees, and picnic tables with umbrellas. Campers have lots of room to relax and play.

Shops, cafes (local and Starbucks), restaurants and art galleries are steps away. Delaware Park is a 5-minute walk with its beautiful little Hoyt Lake to row on, run around or sun beside.

Take a 360 tour of our residential homes and campus at BUFFALOSEMINARY.ORG/360

Our weekends will be filled with day trips to amusement parks, aerial parks, beaches, trips to see waterfalls (we have a big one here!) and colleges and universities, exploring the Greater Niagara region, as well as relaxing on campus and in the neighborhood.
